**Exercise Sheet 7**

2009-06-11

**Exercise 1** (16 points)

Implement a CPS interpreter with support for exceptions in a non-functional language such as C or Java. As a starting point, you may use the Java parser provided on the website of the lecture.

**Submission**

Via email to [wehr@informatik.uni-freiburg.de](mailto:wehr@informatik.uni-freiburg.de). The strict submission deadline is **2009-06-18, 1 pm**.
