Outline

1. Organization

2. Exercises
Who, where, when?

- **Assistants**
  - Matthias Keil
    - [http://www.informatik.uni-freiburg.de/~keilr/](http://www.informatik.uni-freiburg.de/~keilr/)
  - Manuel Geffken
    - [http://www.informatik.uni-freiburg.de/~geffken/](http://www.informatik.uni-freiburg.de/~geffken/)

- **Tutors**
  - Betim Musa
    - musab@informatik.uni-freiburg.de
  - Tobias Wieland
    - wielandt@informatik.uni-freiburg.de

- **Course Website**
  - [http://proglang.informatik.uni-freiburg.de/teaching.swt/2013/](http://proglang.informatik.uni-freiburg.de/teaching.swt/2013/)

- **Exercise:** Thu 13-14, HS 00-026
The tutors will offer consultations hours that will be announced later. Make use of that offer!

If you are stuck with an exercise
Ask for help!
Admission must be earned by working weekly exercises (roughly 12) in this semester.

You are required to have “worked on” 50% of the exercises.

Points are given for serious attempts to solve an exercise.

You must work the exercises in person, copies or similar solutions earn no points.
Registration with Daphne

- Daphne: A course management system that handles
  - Registration
  - Exercise sheets
  - Submissions deadlines
  - Exercise points
  - Tutor to student associations

- For your exercises to be graded for the admission to the exercise you have to register with Daphne

  https://daphne.informatik.uni-freiburg.de/
  - You can use your RZ account to register for the Software Engineering course

- In case of technical problems with Daphne contact Axel Lehmann
  (http://ad.informatik.uni-freiburg.de/staff/lehmann)
  - Contact us as far as content in the Daphne system is concerned
Exercise submission:

- New exercise sheets are given out on Thursdays
- Submission deadline is the following Thursday
- Register with Daphne first
- Exercise sheets are to be submitted by the beginning of the lecture on Thursdays
  Submit your homework from 12:00 to 12:15 pm in HS 00-026 (sharp deadline)
- Submission are to be made in paper form
- You’ll get back your “graded” homework from your tutor in the consultation during his consultation hour
Feedback Points

- Some exercise submissions will be graded using “feedback points”
  - To give you feedback regarding the quality of your submission
  - Feedback points will be given to one or more of the exercises
  - Feedback points will be a means for you to know how a similar exercise
    will be graded in the final exam
  - Feedback points are not taken into account as an admission criterion
